TIER 1 Investor, Entrepreneur, Graduate Entrepreneur, Exceptional Talent, General (now closed to new applicants) and Post-Study Work (now closed to new applicants) TIER 2 Primarily for 'skilled workers' outside the EU who have been further split into four categories, Tier 2 (General), Intra-company transfers which could apply to you if you are employed by a multi-national company outside the UK which has a UK branch, Sportspersons or Ministers of Religion. TIER 3 Originally designed for low-skilled workers when filling temporary labour shortages. This tier has never been operational.
