Niche practice specialising in Elderly Client law which includes Wills, Probate, Estate Administration, Lasting Powers of Attorney, Enduring Power of Attorneys, Court of Protection and Residential Care Fees. We are a family firm and we pride ourselves on being very friendly and approachable and giving advice in simple english, rather than hiding it in a lot of legal jargon. A Member of Solicitors for the Elderly, we are able to advise on many aspects of law which affect the Elderly and their families. But although we specialise in Elderly Client Law, not all our clients are Elderly as many of our specialist areas affect the young as well. Give us a call, or visit our website to obtain a no obligation quote, or download free materials on our specialist subjects. We know how difficult life can be and as part of our friendly service children and dogs are welcome to appointments.
