The Environmental Regulation and Information Centre (Eric) is an independent provider of environmental law advice, research reports, in-house support, new training, green business expertise to industry, governments and law firms. Lead by Directors Begonia Filgueira and Professor Robert Lee, Eric is unique in bringing together 'under one roof' expert environmental legal practitioners, academics and business leaders working as consultants. Our business model allows flexibility and cuts down on overheads, resulting in competitive rates for our clients. In terms of both expertise and the breadth and depth of services provided, the Eric team is second-to-none. Whether you are a law firm or in-house lawyer, company director or investor, or represent a regulator, local-government body, central government or international institution, we can offer you a client-orientated service providing support internally and/or externally, tailor-made to your needs. We offer:

- Legal and regulatory advice
- In-house PSL function
- Training
- Research
- Director and board briefings
- Green business start-up and investment advice
- Company compliance reviews
- Sustainability advice and reporting
- Draft legislation
- Advice on environmental leadership
- Environmental recruitment
- Green procurement
- Lobbying

Just ask Eric.
