

Commercial Legal Solutions

LLwyn y Brain Mawr
Creigiau, Cardiff CF15 9SG
United Kingdom

Telephone: 02920 892211
Fax: 02920920335

As an experienced commercial law firm, Commercial Legal Solutions is a regionally based practice established to provide specialist legal services to the small and medium sized business and technology sectors. The firm operates from a convivial location just outside Cardiff, providing the perfect environment for the development and solution of business strategies and challenges. The core philosophy of the practice is to question accepted wisdom and not to assume something is impossible simply because it has been attempted before. If possible, it is essential to find an alternative strategy and determine why something can be done rather than why it cannot. A practical focus is adopted, designed to produce the most cost effective solution.
