Fax: 0161 274 5599

If you are looking for lawyers to hear you and fully understand your circumstances and objectives, we are solicitors specialising in serious motoring prosecutions and litigation. Once a member of the JS Miller team speaks with you about your case, you will feel a connection with a law firm that truly cares about you and wants to guide you through the process which can be daunting at a times when you may be at your most vulnerable. The quality of what we do is the number one concern of our senior partner, Jeanette Miller, also known as “Miss Justice!” Leading the firm with this ethos, Jeanette’s primary concern is to provide a quality service to our clients and to support clients through the serious motoring prosecution and litigation process.
