Jarvis Costs Consultancy is a firm of Costs Lawyers, Costs Draftsmen and Mediators supporting the legal profession and specialising in Personal Injury Costs services. We are proud to be associated with Headway - the Brain Injury Charity and The Brain Injury Group. We draft Solicitors' Costs documents of the highest quality including: Bills of Costs, Costs Budgets, Points of Dispute, Replies to Points of Dispute, Statements of Costs for Summary Assessment, Schedules of Costs for informal negotiations and agreement. Our Claimant Solicitor clients receive a high quality drafting and negotiation service which boasts excellent overall costs recovery. Our experienced Costs Draftsmen and negotiators consistently achieve excellent results. "Warwick has a deep knowledge of and feel for the costs process and industry. He is always willing and able to provide invaluable insight into the prospects of any particular case; he is aware of the tricks and tactics of the opposition and is not afraid of going to detailed assessment where necessary. He recently kept his nerve in protracted negotiations to recover £15,000.00 more than I would have accepted on a particularly difficult case, avoiding service of Request for Detailed Assessment so saving the SCCO fee to boot." - Mr D Greenhalgh, Clarkson Wright & Jakes
