Scott Rees and Co Solicitors are a firm of personal injury specialists offering people legal advice and representation for a whole range of different claim types. We have been helping people gain access to justice for for more than 23 years and have experience dealing with claims for road traffic accidents, accidents at work, public liability, occupiers liability and accidents abroad. Whether you have suffered a minor whiplash injury, or if you and your loved one have been unfortunate enough to be involved in an accident that has caused a much more severe injury, we can help you get back on your feet. Our team of dedicated solicitors will stop at nothing to ensure you get the support you need both with your claim and most importantly your recovery process, as our clients wellbeing is our priority. We also have a multi-lingual team to help those who do not speak English as a first language meaning we can offer our services to a wider range of UK residents. At Scott Rees and Co we have invested heavily in the very best technology to ensure the smooth transition of your claim and to ensure that we can offer multiple platforms for our clients to contact us. We have also invested heavily in the training of our staff to ensure we can continuously offer the highest of standards when it comes to client care and this is reflected by the fact that we have been recognised as a Gold Standard employer by the Investors in People. We have also been recognised as a Lexcel Gold firm by the Law Society.
