Our award winning public access portal offers the opportunity to create a free account, log in and browse the profiles of over 1000 Public Access accredited barristers located in England & Wales. We offer full national coverage for all civil courts in England & Wales. You search profiles and review the information provided, pre-select up to 3 barristers and then either invite the barristers to provide a fee quote for your enquiry or you can suggest a fee and see if the barrister is willing to do it for the fee you propose. Barristers will contact you through the portal to say they either accept, reject or wish to quote a different fee. You remain in total control of the service via your login. Once you accept a quote, payment is made via our online card payment system and the barrister is then committed to the fee and timescale you have agreed. Many barristers offer a free 30 minute telephone discussion to talk about your requirements before you commit. Just tick the box to include the details of barristers willing to offer 30 minutes free telephone help before you proceed. Any questions, please do let us know. Once agreed between you and the barrister, the barrister will issue a client care letter setting out the fees, timescale and terms on which the service is offered. Once accepted by you, pre-payment is requested using our secure online payment portal. As soon as the barrister has agreed the terms with you and payment has been made, the barrister will undertake the work requested.
