Based in London, Prior Law specialises in business law and employment law. We can help you sell or buy a company, either as a share sale or purchase or as an asset-based transaction.We can also draft and settle shareholders' agreements, articles of association and all types of contracts associated with owning shares or assets in a business, as well as advising on company structures and shareholdings.We also offer employment law services, principally regarding settlement agreements, for both employees and employers.We have a reputation for providing robust advice for employees and for ensuring they are adequately but fairly compensated.We also draft directors' service contracts and contracts of employment, from office juniors all the way up to CEOs.
