MBL has, for over 14 years, been delivering the latest updates and practical know-how training in compliance, law and tax and are firmly established as a leading learning & development provider for professional services firms. With over 90+ years of collective professional development experience, we have provided training to over 100,000 lawyers and other professionals to date. We are proud to be trusted to provide training to some of the largest and smallest organisations in the UK. We hold over 4,000 CPD seminars across the UK every year, in major cities including London, Manchester and Birmingham, as well as in many other convenient locations. Our seminars are presented by industry experts and experienced presenters who cover an expansive range of topics across all legal practice areas. We also provide seminars, webinars and conferences for a wide range of other professionals including accountants, HR professionals, company secretaries and surveyors to name but a few. In 2018 we launched Learn Live - MBL's latest eLearning solution combining the convenience of a webinar with the interactive benefits of a seminar. Each session is a live streamed broadcast, which you watch and participate in from your computer at a set date and time. Think of it as tuning in to a real-time seminar, but from the comfort of your own desk. You can engage with your presenter and other delegates - and this group dialogue is what sets Learn Live apart from our traditional webinar product. Various interactive features might include speaker-delegate Q&A sessions, delegate breakout exercises and communal voting polls. MBL often receive outstanding feedback from our valued customers.

have recently attended a number of seminars and purchased the webinar page. To say it is excellent is an understatement. MBL is very worthwhile." Richard Gray, Barrister, Elysium Chambers"Honestly, there isn't a single thing I could think of to improve MBL's service. All of the staff are pleasant, efficient and professional; booking is quick and simple whether by email or telephone." Jackie Thorpe, KBL Solicitors LLP"We have been using the MBL Smart Plan for several years now and find it the most convenient and efficient way of organising our training needs. I can email or call quickly to book any course, dvd or webinar and the cost is not only reduced as part of the plan, but is easily deducted off our account so I do not have to worry about making individual payments or paying invoices. Makes life simple all round." Maggie Henderson, Pirie Palmann
